- Complications in minimally invasive surgery
- Laparoscopy in emergency surgical conditions
- Operations using minimally invasive techniques: gastrointestinal tract, endocrinology surgery, chest, pelvis minor

EVALUATION OF WORKS

1. Evaluation of the work will be carried out by the Scientific Committee.

2. Criteria for evaluation:

- content, substantive value

- originality
- methodology
- mode of issue presentation

EXPOSITION OF POSTERS

1. Authors of the qualified works are obliged to prepare the poster in a multimedia form - image file (vertical orientation).

According to the following **technical specification**:

- File format: .jpg or .png
- Files must be provided in two resolutions: 3840x2160 pixels and 1920x1080 pixels

2. The exhibition of posters will take place throughout the duration of the conference on multimedia media (multimedia monitors).

POSTER SESSION

The dates of the poster sessions will be announced at a later date.

During the Poster Session, we expect the presence of poster authors.

COMPETITION

During the poster session there will be a poster contest held.

Poster authors are asked to remain at their posters throughout the poster session, so that an exchange of views and discussion between the authors and participants of the conference is possible. We foresee prizes for the authors of the three best works.

The prizes will be handed out on Saturday at the end of the Conference.
